**NEASC Self-Study**

Each Standards Committee worked together on the indicators for their Standard. Changes were drafted where needed and put in SharePoint.

**Information and Updates**

Congratulations to Eric Marchese for receiving his Math endorsement.

CASAS - The company has ordering information for the school on file so each campus can place their own orders when more tests are needed. Contact Troy if you need help with the ordering process.

Wilhelmina, Troy, and Dana continue to be invited to House Education, House Appropriations, and House Institutions to meet with and testify in front of various sub-committees in support of the school.

The CHSVT Board has written Op-Ed pieces in local papers as well. There are many supporters of the school contacting their local representatives at this time.

Charity has been collecting all media pieces about CHSVT and has created a folder on the S-Drive titled, 2015\_media. Please feel free to forward her any news items that you do not find in the folder.

**Competency-Based Education**

Troy facilitated a discussion about how we address Educational Need. There was a discussion about Learning Standards and Competency-Based Education.

There was a decision to create a sub-committee to look at creating “super standards” to consolidate all performance-based standards that are taught for proficiencies. The sub-committee would meet and bring information to the faculty meeting.

Respectfully Submitted,

Sheila Sayah
